The Bloom Collection

Great homes for everyone

Welcome to Spring Acres

Beautiful new homes in a superb location

This stunning new country park development offers two, three and four bedroom homes available for outright sale and shared ownership. As a new resident of Spring Acres you will become part of a vibrant and growing community as the surrounding future development establishes itself over the coming years.

Set amongst open parkland on the edge of the semi-rural village of Bapchild, Spring Acres will provide the ideal lifestyle balance afforded by contemporary village living. With its proximity to the town of Sittingbourne, the location offers a wide range of local amenities and both excellent road and connections across Kent, the South East and beyond.

Contemporary village living

A new sustainable community with your quality of life in mind.

Spring Acres is situated at the outer fringe of Sittingbourne where open countryside eventually gives way to the beautiful Kentish coastline - a mere 3km away as the crow flies.

The development is designed to blend with its natural environment and includes new public open spaces such as The Ridgeline Park and Countryside Gap.

The Countryside Gap will be an informal open space for residents and the wider community, comprising native species grassland, tree planting and ecological enhancements, roaming pathways, a community orchard and public seating. This is bordered by the historic Thomas à Becket's spring and a historic mill pond. Over 2,200 trees and shrubs will be planted upon completion of the 200th home.

And it is the residents that will be at the heart of Spring Acres. This new community is already taking shape as residents have moved into their homes in the first phase. Spring Acres is the ideal setting for those taking their first steps into home ownership, families looking for extra space to grow and down-sizers seeking the tranquillity of this semi-rural setting.

Buying your new home

Our in-house team of sales consultants are dedicated to providing exceptional service to all our customers and we aim to make the experience of buying your new home with us as smooth, enjoyable and straightforward as possible. From your initial enquiry, through to handing you the keys to your new home, our friendly and knowledgeable team are available both in person and online, to answer your questions and help you find the home buying option that's right for you.

Outright sale

Outright sale is the traditional route into home ownership. All our homes are designed and finished to impeccable standards, with a high specification as standard, providing outstanding value and quality. We are proud of the homes we build, and offer what we like to call the 'Hyde Difference'.

Shared ownership

Shared ownership is a government-backed scheme designed to enable buyers to purchase a percentage of the equity, which is affordable to them, in a new home. The buyer then pays a subsidised rent on the unsold equity and a monthly service charge to Hyde. This means that the initial deposit required is also smaller than when you buy your home outright. We ensure we provide the same high-quality product with the same specification as buying outright.

STAIRCASING: BUYING MORE SHARES

Staircasing is the process through which you can increase your share of a property over a period of time. To find out more about staircasing and buying a shared ownership home please visit:
