Why Buy Bloor?

Standing the test of time

At Bloor Homes - Standish, we are not only able to offer you a stunning location, we are also dedicated to building homes that stand the test of time.

Visit one of our developments built 10 years ago and see how the community has developed along with the landscaping and house type designs.

As one of the leading privately-owned house builders in the country, our success is based on strong traditions of quality, value for money and a genuine desire to build homes that give our customers years of pleasure.

The company is still owned by John Bloor, and run today with his son Adrian. They are both actively involved within the day to day running of the business to ensure 'The Bloor Difference' is achieved on all the homes we build.

Gatewen Village / Wrexham

Our approach to the design of every new location we produce goes far beyond the provision of superior homes for today's varied lifestyle. We make every effort to conserve the natural balance of each location including the conservation of wildlife and the preservation of natural features. Care and consideration is taken to ensure that the environmental impact of every new Bloor home is kept to a minimum.

Whichever home you choose, you will find that our homes with their high specification, provide not only maximum comfort, but greater freedom of movement. Plus, reserve a Bloor home in the early stages of construction and you will have the freedom of choice to select from our range of finishes for the kitchen, bathroom and en suite facilities.

Once reserved, you will also be able to take advantage of "Your Choice" which allows you to choose additional fixtures and fittings to personalise your new Bloor home, or upgrade to a higher specification from the standard range used on this development at an extra cost.

“Because a home needs
that personal touch”

We hope you'll never need it, but that doesn't mean we don't understand the peace of mind that comes with having an insurance backed 10 year warranty from the LABC.

As well as our own rigorous checks carried out during the build process, the warranty provider will also carry out their own inspections on your new home ensuring that it's built to the high quality that Bloor Homes prides itself on.

Don't just take our word for it

The Andrew Family

Finding a family-friendly neighbourhood was top of the tick list for Tim and Alyson Andrew when they set out looking for a new home close to the city.

“Finding a family estate was really important to us. With uprooting the girls, we wanted to make sure they made friends.”

Youngest daughter Emma has become a firm favourite with the Sales Advisors at Worsley Fold, as every Sunday she bakes cakes and brings them down to the sales office. Bloor Homes' reputation for quality was also a big factor for the couple, who have much experience of the house building industry through their jobs in waste management. Tim added: “There are quite a few house builders in the area and we looked at them all, but working in the industry and knowing Bloor Homes' reputation, we kept coming back to the same option.”

Amy and Simon

Simon Taylor, 24, and his partner Amy Kay, 22, bought their first house together on Philip Taylor Drive at Bloor Homes' Saxon Gate development in Crewe. Simon said the opportunity to live on a street named in memory of his grandfather's service during the Second World War made the move extra special.

Simon, said: "I have always been extremely proud of my grandfather's achievements, and it is a real privilege to live on the street named after him. It makes me happy to know I can show my appreciation by purchasing a property here. We were previously living at home with parents but decided it was the right time and place to make our first steps to get on the property ladder.

"When the Sales Advisors showed us the house we fell in love with it straight away, and we were very lucky because it was the only plot available on that street. The house we purchased at Saxon Gate has a very symbolic meaning to Amy and I because we secured the deposit thanks to the inheritance left to me by my grandfather." Amy said: "We were completely taken by the house as soon as we came to see it. It is a great quality build, and the rooms are spacious and bright."

The couple were able to secure their new home with a small deposit and reduced mortgage thanks to the Government backed Help to Buy scheme.

“Reputation for quality was also a big factor”

Attention to Detail

We give a huge amount of time and attention to detail when it comes to our internal design.

- Hand crafted, generously designed entrances – Substantial porches with extra wide front doors for a grand entrance and the added wow factor.
- Raised ceiling heights – our homes are generally higher on each floor than most house builders, giving more space.
- Trusted brands – We carefully select components to provide high specification as standard, such as Pocolanosa tiles, Roca Sanitaryware and Bosch appliances to name a few.
- All pipe work is cleverly integrated into the floor and high levels of insulation reduces energy bills.
- Finishing touches – The small things add up to a big difference.
- Wider staircases – With Ash handrails and thicker stair spindles.
- Fencing to rear gardens.
- Gloss finish – Doors skirting / architrave and window boards are finished in gloss not eggshell.
- Quality floorboards – better grade chipboard which is glued and screwed to avoid squeaking.

Our difference is in everything we do, from the land we build on, to the homes we build – That's the Bloor Difference.

“Because a home is more than just bricks and mortar”

Bedroom Four of The Titchfield Showhome

Nestled away on the first floor of the Titchfield is “The most amazing experience that allows a child space and time to sleep and play.”

Maxine Scott, the owner of Interior Motives shared with us her thoughts behind putting the unique sweet shop scheme together, and where she took her inspiration from. She refers to a phrase from the world renowned author, Hans Christian Andersen, “Life itself is the most wonderful fairy tale.”

The fourth bedroom is naturally the smallest, however with careful consideration of design and layout the space has been utilised well. The fantastic high ceiling and double window with light voile curtains allows light to come flooding in, creating a light and airy atmosphere and feeling of space. The bespoke street scene is a real statement and sets the scene, with a hand made cabin bed and integrated drawers which represents the sweet shop. The crisp white and orange colour scheme is positively stimulating and creates an uplifting environment for a young child. We feel that this room is one you will not forget, and perfectly echos the Bloor Difference with attention to detail being paramount.

Whilst the parents enjoy the luxury of their en suite, the rest of the family can prepare for the day in the fantastic family sized bathroom located just across the hall. This spacious bathroom can be personalised to suit your individual colour schemes and preferences, with a choice of beautiful **Porcelanosa** ceramic wall tiles, fixtures and fittings.

As standard we include contemporary white **Roca** sanitary ware with complimenting **Hansgrohe** chrome fittings which we also install in our **Ideal Standard** metallic enclosed shower cubicles. The bathroom also benefits from a separate bath, ideal for a young family.

The finishing touches count, so here at Bloor Homes we supply all bathrooms with mirrors above the basins and white heated towel rails.
