WHERE QUALITY LIVES

GREAT DUNMOW GRANGE

A LOCATION LIKE NO OTHER

Settle down at Great Dunmow Grange, one of Essex's hidden gems on the outskirts of a thriving market town. Home to a variety of everyday amenities in a sought-after location, Great Dunmow provides a tranquil retreat with access to all of the essentials in the town centre. Whilst set in a prime location for commuting, there's still a fantastic opportunity to explore the county's gorgeous coastline and riverside scenery in close proximity.

Set in a semi-rural property hotspot, the popular town ensures residents have convenient access to a high street known for its independent retailers, with traditional homeware stores, stylish boutiques, salons and cosy coffee shops. Supermarkets are located close to home including Tesco and Co-op, whilst a wide range of pubs, restaurants and takeaways are also on the doorstep. Families making a fresh start can also rest assured that there are

high-quality education facilities close to home, such as Great Dunmow Primary School and Dunmow St Mary's Primary School, both rated 'Good' by Ofsted. Our exciting community will feature public open space with equipped play areas for welcome recreation.

Adjacent to the A120, this growing community opens the door to a wealth of commuting opportunities with road links to Chelmsford, Colchester, London and Cambridge being easily accessible for those travelling for work or leisure.

Living at Great Dunmow Grange, you can enjoy the finest aspects of town and countryside living. Peaceful evenings and weekends await, whilst the thrill of the hustle and bustle of a flourishing town is still only moments away.

A SENSE OF PEACE,
QUALITY
— AND SPACE —

Quality is at the forefront of our minds with each property we build and Great Dunmow Grange is certainly no exception. Ensuring you can grow with your home as lifestyles adapt is one of our greatest priorities and our airy, free-flowing layouts present you with the freedom to tailor the property to your own individual tastes.

New-found priorities are catered for as our properties feature spare rooms or dedicated studies to give you the option

to create a home office or a play room, or simply to welcome house guests. An en suite bathroom to a main bedroom also offers privacy away from the hustle and bustle of a family home.

Inviting hallways leading to generous living spaces provide you with a home of which to be proud; while the hub of quality family time, the living rooms, are ideal for evening and weekend relaxation. Open-plan kitchens are well suited to busy meal times

and welcome natural light through French doors leading to the rear garden.

Our properties are superbly designed to prioritise quality and energy efficiency as we continue to deliver contemporary homes.

NEW HOMES

Quality Code

Housebuilders and developers who build new homes will be expected to register with the [New Homes Quality Board](#) (NHQB). As long as a house-builder or developer has followed the correct registration process, including completing the necessary training, introducing a complaints procedure, and following other processes and procedures that are needed to meet the requirements of this New Homes Quality Code (the code), they will become a registered developer.

Registered developers agree to follow the code and the New Homes Ombudsman Service, including accepting the decisions of the New Homes Ombudsman in relation to dealings with customers. If a registered developer does not meet the required standards, or fails to accept and act in line with the decisions of the New Homes Ombudsman, they may have action taken against them, including being removed from the register of registered developers.

The code sets out the requirements that registered developers must meet. The code may be updated from time to time to reflect changes to industry best practice as well as the decisions of the New Homes Ombudsman Service.

All homes built by registered developers must meet building-safety and other regulations. All registered developers should aim to make sure there are no snags or defects in their properties before the keys are handed over to a customer. If there are any snags or defects, these should be put right within the agreed timescales.

What the code covers

For the purposes of this code, 'customer' means a person who is buying or intends to buy a new home which they will live in or give to another person. (If a new home is being bought in joint names, 'the customer' includes all the joint customers.) However, the New Homes Quality

Board have also started work to consider other groups of customers and what they should be able to expect from a new home. This includes shared owners and people who are buying a new home to let to other people. Any changes the New Homes Quality Board make to the code to reflect the needs of other groups of customers will be developed through consultation, and they will continually assess and review the effectiveness of the code, and any new laws or regulations that apply. Other areas which are not covered by the code are claims for loss of property value or blight (where a property falls in value or becomes difficult to sell because of major public work in the area), personal injury or claims that are not covered by the scheme rules of the New Homes Ombudsman Service.

Nothing in this code affects any other rights the customer has by law and does not replace any legislation that applies to the new home. Customers do not have to make a complaint to the New Homes Ombudsman Service if they are not satisfied with a matter that is covered by the code. They may decide to take other action, such as through the civil courts or other ombudsman or regulator. We are on the New Homes Quality Code register of registered developers. "We" refers to the Barratt Developments PLC group brands including Barratt London, Barratt Homes and David Wilson Homes. All images used are for illustrative purposes. These and the dimensions given are illustrative for this house type and individual properties may differ. Please check with your Sales Adviser in respect of individual properties. We give maximum dimensions within each room which includes areas of fixtures and fittings including fitted furniture.
