Hounslow

COUNTRYSIDE
Places People Love

*Where stylish
and connected living
come together*

The Assembly

The Assembly is a collection of new homes close to Hounslow Town incorporating six mansion blocks of one, two and three bedroom apartments and four bedroom townhouses with off street parking.

This contemporary development takes inspiration from the architecture of London's past, when grand houses were built around squares.

The mansion blocks of The Assembly come together to create the outer wall of a beautiful new urban square. The square will be entirely free of traffic and is reserved for residents and their guests.

These new homes are part of an exciting era of investment in this part of London. In 2015, the Mayor of London confirmed

a multi-million-pound investment programme, dedicated to sustaining and enriching Hounslow's town centre and ensuring vital home building.

Hounslow Town has many advantages including a vibrant high street with many popular brands and diverse places to eat. The area also provides quick connections to Central London and Heathrow Airport and plentiful green spaces within easy reach.

Make sure you're one of the first to enjoy the new shape of living in Hounslow.

Hounslow Regeneration

Nearly over half a billion of investment has been allocated to the regeneration of Hounslow's town centre. The project will maximise the attractiveness of this excellently connected part of London, increasing the number of businesses, visitors, and trade.

New Homes Initiative

The regeneration and economic strategy for Hounslow includes the development of new homes by 2030. The Assembly is contributing 284, including one, two and three bedroom apartments and 11 mews houses. A new state-of-the-art Primary School has been built next to The Assembly. With 5-form entries, it will be one of the largest in London.

High Street and Beyond

With a wider plan to enhance the high-street, new planting, furniture and attractive paving will be the final finishing touches. The high street is a great location for everyday life and trade, 21,000 new jobs are anticipated to be created with the delivery of new restaurants, cinema and shops with many PLC business' based locally.

New Civic Centre

Exciting plans are also well-underway for a new, more cost-efficient Civic Centre incorporating a state-of-the-art public library, exhibition space and café. Designed to be a hub for the local community, the seven storey building will accommodate civic meeting rooms and all of the council's office staff. It is due to complete in 2018.

Public Realm Improvements

The shop frontage project is a significant element of the Hounslow town centre's regeneration programme. Two phases of work have delivered shop front improvements, with buildings picked for their architectural significance, location in high footfall areas and potential to have a greater impact as a group. Changes like these are creating a truly attractive environment where new public events also help to animate the town centre.
